

ARKHAM HORROR[®]

THE CARD GAME

PATH OF THE RIGHTEOUS

Parallel Investigator Rules

Path of the Righteous is a print and play rules set for *Arkham Horror: The Card Game* that provides an alternate version of Zoey Samaras, previously released in *The Dunwich Legacy Investigator Expansion*. In order to play this investigator, a copy of the *Arkham Horror: The Card Game* core set is required, as are a set of bless (☉) chaos tokens featured in *The Innsmouth Conspiracy Campaign Expansion*.

Parallel Investigators

Parallel investigators are alternate, print-and-play versions of investigators from existing *Arkham Horror: The Card Game* products. These investigators, along with their advanced signature cards, are fully playable in any scenario or campaign.

- When building a Zoey Samaras deck, you may choose whether to use the original version or the parallel version of both her front side and her back side. Each version has its own advantages and disadvantages. You can also mix and match the two versions. This means that you can use both original sides, both parallel sides, the original front side and parallel back side, or the parallel front side and original back side.
- Regardless of which version of Zoey you use, you may also optionally upgrade her signature cards to her new advanced signature cards (replacing the original versions). These versions are indicated by the Advanced keyword. These are included only as a set—if you choose to upgrade Zoey's Cross, you must also upgrade *Smite the Wicked*. Doing so costs no experience, and may be done at any point between scenarios during a campaign. However, once this upgrade is made, it cannot be undone unless you are instructed otherwise.
